

Before you say 'I do' ...

WE DO

Mentor salon and day spa
Jenniffer & Co. helps brides
get hitched without a hitch.

We've all envisioned it at least once: our wedding day.

It doesn't matter if we're happily single or eagerly looking for the one who's worth making a trip to the altar. Practically every woman daydreams about the fanciful details of that perfect day — from the drop-dead-gorgeous dress, to the striking diamond ring.

(Oh, and having a great groom is a plus, too.)

But then the actual day arrives, and there's the matter of your hair. And your makeup. And your nails.

And that's just you. Throw in the beauty needs of a party that includes a slew of bridesmaids, a flower girl and the mothers of the bride and groom, and that wedding-day dream can turn into a scheduling nightmare.

That's why Ohio brides turn to the Dream Team: a mobile, four-member matrimony crew created by Jenniffer & Co., a salon and day spa with two locations in Mentor.

"With the Dream Team, we come to you," says Jenniffer Pealer, owner of Jenniffer & Co.

"It's one less thing to worry about on your wedding day."

Since 2005, more than 100 bridal parties, located everywhere from Sandusky to Rocky River, have benefitted from their own on-site styling team.

Just as welcome as the front-door service, is the relief of knowing that they're in good hands. The Dream Team's starting lineup (Chelsea Rader, Michelle Cain, Lauren Danielson and Julia Niedzialek) hold years of styling experience, including a gift for updos and distinctive coloring techniques.

Plus, they're skilled enough to pull double duty on that special day.

"Our stylists can do both hair and makeup," says Pealer.

That gift for marrying efficiency with expertise has made her company a success since starting in 1993. The company boasts 75 employees, and its north location features decadent spa services such as the Repechage Peppermint Sea Twist Body Wrap.

But for brides, it's the thoughtful, extra details offered by the Dream Team — including a Continental breakfast — that make Jenniffer & Co. a necessary part of day they've always dreamed about.

"We do whatever it takes," says Pealer, "to make sure it's the best day they can imagine."
